the influence of a scold. The efand they often learn to take pleasure in doing the very things for . which they receive such tongue-lashings. As they are always getting the blame of wrong-doing, whether they do it or not, they think they might as well do wrong as right. They lose all ambition to strive for the favorable opinion of the faultfinder, since they see they always strive in vain. Thus a scold is not only a nuisance, but a destroyer of the morals of children. If these unloved, dreaded people could only see themselves as others see them, they would flee to the mountains in very shame.

It's a deep mystery—the way the heart of a man turns to one woman out of all the rest he's seen in the world, and makes it easier for him to work seven years for her, like Jacob did for Rachel, sooner than have any other woman for the asking. I often think of those words, "And Jacob aerved seven years for Rachel; and they seemed but a few days for the love he had to her."-GEORGE ELIOT.

"The best rule," says a wise writer, "is to say all the good we can of every one, and to refrain from saying evil, unless it becomes a clear matter of duty to warn. Dr. J. Walker's California Vinegar Bitters are a purely Vegetable paration, made chiefly from the native/herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alechol. The question is almost daily asked, "What is the cause of the TERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle. of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic. relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious

The properties of DE. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant Sudorific, Alterative, and Anti-Bilious.
